- IX. Announcements
- X. Adjournment

TWO YEAR CAMPUS FACULTY SENATE MEETING

USC-BEAUFORT

April 3, 1981

- I. Call to Order
- II. Correction/Approval of Minutes:

Motion to approve minutes was made by Professor Jimmie Nunnery. Motion carried.

**Vice-Chairperson of the Executive Committee Jim Otten presented a motion from the Nominating Committee at this time in order that the Senate at large may give it full consideration. The Nominating Committee moved to enlarge the Executive Committee through the addition of one member-at-large position - this being to correct the current status and allow all campuses to have a representative on the Executive Committee. The motion was approved unanimously. Professor Otten then proceeded with the slate of nominees including the newly created position. They are as follows:

Executive Committee:

Chairperson - Jim Otten-Union
Vice Chairperson - Billy Cordray-Salkehatchie
Secretary - Elizabeth Baldwin-Lifelong Learning
Past Chairperson - Pete Maness-Sumter
Member-at-large - Rod Sproatt-Beaufort
Member-at-large - Wade Chittam-Lancaster

Nominated for University Curricula and New Courses (Special Committee) was Professor J. T. Myers from USC-Sumter.

Re-nominated for the University Library Committee was Professor Tandy Willis from USC-Union.

Recommended Professor Jimmie Nunnery-Lancaster for his continuing service of the Systems Committee. This requires presidential approval.

III. Reports of University Officers:

A. Vice President John Duffy - Dr. Duffy stated that two campuses had undergone self-studies (Aiken and Lancaster) and that both had done very well. Columbia, Spartanburg and Sumter would be visited while Beaufort and Salkehatchie were updating their self-studies. Dr. Duffy said these studies represented great expenditure of thought and effort and served as a vital source for planning within the University.

Dr. Duffy called our attention to the letter C. B. Thomas, Jr., Director of Sponsored Programs and Research wrote. His letter is attached as Appendix I. This letter has Exhibits A, B, and C and they are attached also.

The issue of rank for Librarians has been approved by the Provost. It has been agreed to proceed to implement this after consultation with the Librarians.

Dr. Duffy also stated that the visit of Mrs. Sadat was one of the high points of the USC year and that all of the campuses were well represented.

B. Associate Vice President Robert Alexander - Dr. Alexander reported that President Reagan intends to reduce the Department of Education by 20-25%. Much of this cut will fall on Student Loans - BEOG. This would severely hurt enrollment on the two year campuses. Dr. Alexander then stressed the increasing importance of effective recruiting.

USC has been looking into expanding courses over telecommunications - Public Television 3 (PTV-3). Dr. Alexander reminded us that we do not want to conflict with the existing courses we already have, we seek only to fill in the gaps.

IV. Reports from Standing Committees:

A. Rights and Responsibilities - Jimmie Nunnery

The Rights and Responsibilities Committee moved to adopt the following resolution:

Whereas;

Faculty from the Two Year Campuses are becoming increasingly involved in sponsored program activity; and,

Whereas;

The Director of Sponsored Programs and Research, in his letter of 31 March, 1981 to the Vice President for Two Year Campuses and Continuing Education, has expressed a positive attitude toward providing representation from the Two Year Campuses on the University Research and Productive Scholarship Committee; therefore, be it

Resolved;

That the Chairman of the Two Year Campus Faculty Senate contact the Director of Sponsored Programs and Research, expressing appreciation for his position, and requesting that a representative from the Two Year Campuses be nominated, in consultation with the Office of the Vice President for Two Year Campuses and Continuing Education, to the University Research and Productive Scholarship Committee.

The motion carried unanimously.

The Faculty Rights and Responsibilities Committee requests that the Office of the Vice President for Two Year Campuses and Continuing Education furnish to the members of the Committee any information, other than that contained in the Two Year Campus Faculty Manual, pertaining to university policy concerning the employment, compensation, fringe benefits, and termination of part-time faculty.

B. Financial Concerns - Jean Gray

No report.

C. Intra-University Services and Communications -
Sherre Dryden

Professor Dryden announced the Times 9 English meeting has been scheduled for October 9, 1981.

In reference to the proposal for academic rank for professional librarians passed at the last

faculty senate meeting, the Committee moves that the Office of the Vice President of Two Year Campuses and Continuing Education in conjunction with the Deans of the affected campuses shall make a decision as to the rank of each librarian currently employed by the two year campuses. The affected person will be notified by their Dean before the end of the 1981 Spring semester. This motion excludes those librarians whose resignations will become effective before Fall 1981. Motion carried.

D. Executive Committee - Pete Maness

No further report.

V. Reports from Special Committees:

A. University Library Committee - Tandy Willis

No report.

B. University Curricula and New Courses - Marion Preacher

Approved in March:

Changes in Media Arts include new courses at the 1, 2, and 3 hundred level. The areas of study, formerly 8, have been limited to four.

Religion 104 has been changed in title and description.

The degree title in the South Carolina College has been changed and the curriculum strengthened by requiring the candidate to meet the General Education Requirements of both the College of Humanities and Social Sciences and the College of Science and Math.
Approved 4-1 by the Faculty Senate (Columbia).

Bachelor of Fine Arts in Theatre and Speech.

College of Pharmacy--changes in number, prerequisites and description in 310 and 311.

The faculty should be alerted to changes being made in curriculum in:

- Health Education
- Physical Education
- Public Health
- Psychology

All but four courses in Psychology are being changed. Some in the title; others in description.

These proposed changes have not reached the Faculty Senate in Columbia.

C. University Faculty Welfare - Elizabeth Baldwin

No report.

D. Academic Forward Planning - Larry Rowland

No report.

E. Academic Affairs/Faculty Liaison - John Samaras

The Academic Affairs/Faculty Liaison Committee met on March 23. They approved a tuition surcharge of \$5.00 per credit hour at Coastal Carolina. They also approved a doctoral program in the College of Music.

In executive session, the Committee heard the appeal of a denial of tenure case from the College of General Studies. The Committee upheld the denial.

On April 2, the Committee approved a procedure for considering appeals. In executive session, the Committee heard the appeal of a denial of tenure case from the College of Education. As this appeal was heard only on Thursday, April 2 he was unable to report the outcome since the appellant must first be officially notified of the Committee's decision.

F. Systems Committee - Jimmie Nunnery

Meeting of February 20, 1981:

The topics of major concern to us were:

1. Commission on Higher Education recommendations relative to elimination of certain courses in the College of General Studies and restructuring other programs.

The decision was to appeal to the S.C. House of Representatives and the Senate Education Committees.

Note: This was done, and the C.H.E. recommendations were defeated in the House Education Committee by a vote of 11 to 6.

2. 1981-82 salary outlook, budget, and other related matters.

3. 7% personnel cut.

Meeting of March 24, 1981:

1. 1981-82 budget, raises, and related matters. (Note: bill now on House floor under debate).

USC gained considerable funds in the House Ways and Means Committee over the amounts recommended by C.H.E., but more are needed. Attempts will be made to secure further increases in the Senate Finance Committee.

2. Commission on Higher Education

This was discussed in general. No further comment.

3. Upcoming visit of Mrs. Anwar Sadat.

This was discussed and we were briefed by President Holderman on plans for the visit.

4. Commencement Speakers

Speakers for commencements on the various campuses were announced.

The next meeting of the Systems Committee will be April 10, 1981.

VI. Unfinished Business:

There being no nominations from the floor the proposed slate of officers were elected by acclamation.

VII. New Business:

Professor Jerry Dockery, Lifelong Learning presented the following motion:

Whereas;

The Two Year Campus Faculty Senate of the University of South Carolina sees as part of its function the well being of all employees of the Two Year Campus System;

And Whereas;

The maintenance of adequate salaries for all employees has a direct bearing on the morale and well being of those employees;

And Whereas;

Senator Ernest Nunnery has aggressively fought for the monies which had been promised these employees;

We hereby extend to Senator Nunnery our heartfelt thanks and appreciation for his unselfish efforts on our behalf.

This motion carried unanimously.

VIII. Announcements:

Dr. Duffy presented plaques to the following past chairpersons:

Jimmie Nunnery	1973-1974
John Samaras	1977-1978
John Stine	1978-1979
Pete Maness	1980-1981

Mrs. Beth Williams, Recording Secretary, was presented with an initialed silver necklace on behalf of the 1980-1981 Senate.

IX. Adjournment

Respectfully submitted,

Beth G. Williams,
Recording Secretary

Billy Cordray,
Secretary

OFFICE OF SPONSORED PROGRAMS
AND RESEARCH

(803) 777-7093

March 31, 1981

Dr. John J. Duffy
Vice President for Two Year Campuses
and Continuing Education
Osborne Building
USC-Columbia Campus

Dear John:

I am pleased to respond to your letter of March 18, 1981 and the concerns of its attached Minutes of the Two Year Campus Faculty Senate meeting held at USC-Sumter on February 13, 1981, relevant to the Research and Productive Scholarship grant program at USC.

Before addressing the specifics of the Minutes, I deem it important to point out that the concept of "Large Grants" and "Small Grants" is something I personally reinstated into this cycle of the Research and Productive Scholarship grant program after a hiatus of many years. I did this as one of several considerations designed to promote more response to the call for proposals by everyone and as a change in emphasis by the reviewing committees away from what projects will produce subsequent outside funding. This last consideration has been greatly overworked by the committee in recent years, in my opinion. While not ignoring this altogether, I feel there should be at least equal consideration of how the funding of a particular project may improve the individual from an academic standpoint.

As for the points of the Minutes:

- (1) EXHIBIT A, attached, is a list of projects recently submitted by faculty from the two year campuses for the current cycle. You will note that they fall into both the large and small grant categories.
- (2) EXHIBIT B, attached, is a list of recent awards to two year campus faculty over a period of three years. I can report on the successful proposals from (1), above, within a few weeks.

Dr. John J. Duffy
Vice President for Two Year Campuses
and Continuing Education
March 31, 1981
Page 2

- (3) EXHIBIT C, attached, is the total list of Research and Productive Scholarship committee members. For purposes of proposal review, they are divided by personal discipline into three subcommittees (as are the proposals):
 - (a) Arts and Humanities
 - (b) Social and Behavioral Sciences
 - (c) Physical and Life Sciences
- (4) The Office of Sponsored Programs and Research (SPAR) recommends to the Office of the President each year the names of those individuals felt to be knowledgeable in their discipline, such that they could exercise true peer review of proposals from any of the USC campuses. Our recommendation is based upon our working experience with individual faculty during their own grant work and through recommendation by the Deans.
- (5) To my knowledge, there have never been any representatives on the R&PS committee from the two year campuses. However, now that sponsored program activity appears to be on the move at the two year campuses, and the level of interest and faculty expertise continues to improve there, I would expect to see representation on the committee. However, I hasten to point out that such representation would probably not result in any significant increase in the number of awards to the two year campuses, because I assure you that the funding percentage of two year campus proposals greatly exceeds that of the four year campuses or the Columbia campus.

I do see value in committee representation for the positive influence it could have in further evolvment of significant sponsored program activity at the two year campuses. Therefore I will see if we cannot do something about this on the R&PS committee for FY 1981-82.

I hope that I have responded appropriately to the concerns of the Two Year Campus Faculty Senate. If not, please let me know what additional information I can provide.

As indicated to you on numerous occasions, I have been to all of the two year campuses and am aware of the vital contributions they are making to the people of this state. The Office of Sponsored Programs is eager to assist them in any way we can.

Very truly yours,

C.B. Thomas, Jr.
Director
Sponsored Programs and Research

RESEARCH AND PRODUCTIVE SCHOLARSHIP

<u>SUBMITTED BY:</u>	<u>DEPARTMENT</u>	<u>PROPOSAL TITLE:</u>	<u>AMOUNT REQUESTED</u>
1. Riner, William F.	P.E. USC Lancaster	"Body Composition and Physical Activity Assessment of Children"	\$4000.00
