CAS Annual EPMS Review Process Overview

Unit Level Steps:

1. Supervisor drafts EPMS Reviews based on the Planning Stage for that year.
Note: The signature page on the Planning Stage should be used as the signature page on the corresponding EPMS Review.
2. Supervisor drafts a new Planning Stage based on the expectations for the next year.
3. The unit HR contact will review the documents to be sure everything is filled out correctly (based on the attached guide).
4. The supervisor will schedule a time to sit down with each employee to discuss the EPMS Review and next year's Planning Stage. At this time, both the supervisor and employee should sign the last page of each document.
5. Send original signed reviews/planning stages through campus mail or email signed reviews/planning stages to your [College HR Manager](#) before the College deadline (**Monday, December 16, 2024**). ***If sending an email, each review and each planning stage must be attached as a separate PDF document.**

College Level Steps:

6. College HR Manager will review the documents for accuracy.
 - ✓ If everything is filled out correctly, both the EPMS Reviews and Planning Stages will receive final approval by the Dean.
 - ✗ If the documents require corrections, they will be sent back to the unit noting what corrections need to be made. The supervisor should sit back down with the employee (in person or virtually) to explain any corrections that were made.
7. Once the review gains Dean approval, it is sent to Employee Relations for final processing by the Universal Review date (February 1, 2025).
8. The Planning Stages, signed by the Dean, will be returned to the units after the Universal Review date.
